Data Protection Statement

Data security is as important now as it has ever been before. We are aware of keeping personal data secure and at Harborne Academy we understand that is our responsibility to protect the data which we hold on our students, student's contacts, staff and third parties.

We've updated our privacy notice in line with the new laws on data protection –the General Data Protection Regulations (GDPR) – which come into force in the UK on Friday 25th May.

Here at Harborne Academy we take our privacy obligation very seriously. Within the Academy we have a Data Protection Officer, Miss Bethany Wyr and a Senior Information Risk Owner (SIRO) Mrs Catherine Bennett. We have revised our policies and procedures to keep in line with the new legislation. These policies and procedures can be found on our Academy's website.

Our Privacy notice explains what personal information we collect, why we collect it and how we use it. It also details how we store and the ways in which you can update your details and preferences.

There is a link to our Privacy notice and our Data Protection Policy on our website. You will also find the ICT Social Media Policy and Subject Access Request procedure. If you have any further queries please email our Data Protection officer on the following email:
